Chubb Limited	CB	5/16/2024	Annual	Management	13	Advisory Vote to Ratify Named Executive Officers' Compensation	For	Against	We are voting against this advisory vote on executive compensation as the program is structured in a way that does not sufficiently align pay with performance, and the program lacks disclosure and contains features that are not in line with best practice. BCI has a strong commitment to address sustainability issues with portfolio companies. It is our expectation that management have a sustainability strategy that is approved by the Board and that details are provided to shareholders. However, an advisory vote on the sustainability strategy is not ideal in our view and if a company does not meet our expectations on its approach to climate change, we will vote against the election of directors.

We are voting against the CEO for also being the Board Chair because the separation of roles is in shareholders best interests. The auditor's tenure exceeds our guidelines. We are voting against this advisory vote on executive compensation as the program is structured in a way that does not sufficiently align pay with performance and contains features that are not in line with best practice. We support this shareholder proposal calling for improved disclosure of political contributions and information on trade association affiliations as it would provide investors with additional information to assess related risks and benefits of such contributions.

Since the board's overall independence level does not meet our guidelines, we are voting against all non-independent directors on the ballot, except the CEO. We are not supportive of non-independent directors sitting on key board committees. We are holding the Chair of the Nomination Committee accountable for failing to ensure that all key board committees are fully independent. We do not believe an Executive Chair role is in shareholders' best interests as we support the separation of board and management with an independent Chair. We are voting against this director due to concerns over tenure.
